Sprint 3 Plan
Hobby Tracker
Hobby-Trackers
Sprint Completion Date: 5/23/2023
Revision: 1.0, 5/10/2023

Goal: Try and have a connection between all of the components/pages we have created. Trying to add some features past our MVP. (Many members have tighter schedules due to midterms)

Task Listing:

User Story 1 - As a user, I want to be able to easily traverse the website, so I don't have to learn some new UI.
    Task 1: Actually linking the code together
    Task 2: Having proper routing urls that describe the page
Total Hours for User Story 1: 15

User Story 2 - As a user, I want the option to categorize my images by different hobby-related tags, so that I can find other posts with similar tags
    Task 1: Create some preset tags for users to choose from
    Task 2: Have a way to allow users to attach these to their posts
    Task 3: Display them with the image/description on home page.
Total Hours for User Story 2: 25

User Story 3 - As a user, I want to be able to sign out of my account, so no one who uses my device can post on my account.
    Task 1: Create a button that user can click to log out
    Task 2: Get rid of user context, such that another person can login
    Task 3: Route back to the login page
Total Hours for User Story 3: 25
